

Computer Program Scholarship Application Form

If you are applying for the Computer Program, you can also apply for the Primary, Secondary and Tertiary Programs as well.

Each household can apply for one laptop computer every 4 years regardless of how many children are attending school. Any AM-YAC child studying in years 10, 11 or 12 or at a tertiary institution can apply for a laptop every 4 years.

The computer will be supplied to you by the executive office and will have Microsoft office or an equivalent.

You will need to supply a letter from the school or place where the applicant is studying confirming the applicants' enrolment and stating their attendance rate for the last 12 months with this application form. If the student is about to begin high school, the attendance rate from the last year of primary school will be sufficient.

All scholarships will be subject to an **attendance rate of 80% or higher** (for those attending primary and secondary school) and successful applicants may be asked to present to the AM-YAC board on their scholarship experience.
