## What are the proposed resolutions?

The following proposed resolutions will be presented to members at the meeting for decision:

Proposed resolution	Background / Commentary
<b>Minutes of last AGM</b>  <b>Resolution</b> that the members approve the minutes of the AMYAC AGM on 13 – 15 November 2024 as true and correct, subject to the changes (if any) agreed at this meeting.	<p>The corporation keeps minutes of its members' meetings to record AMYAC business and decisions the members make. At the meeting, the members will have the opportunity to review the minutes from the last meeting and confirm whether they are true and correct.</p>
<b>Appointment of auditor</b>  <b>Resolution</b> that the members reappoint HLB Mann Judd as the independent auditor for the 2025-26 financial year.	<p>AMYAC asks the independent auditor to check ('audit') the corporation's books. The auditor sits outside of AMYAC and looks into its money story of the corporation to make sure that it is correct and follows what the law says about looking after money. AMYAC will report to ORIC (the regulator) about the audit each year.</p> <p>The current auditor is HLB Mann Judd. The corporation is renominating HLB Mann Judd as the independent auditor for the current financial year. Members at the meeting will decide whether to appoint the auditor for the financial year.</p>
<b>Rule book review</b>  <b>Special resolution</b> that the members change the rule book as proposed in the notice for this meeting, subject to any variations agreed by the members at the meeting.	<p>The board has been reviewing the AMYAC rule book to look for opportunities to make the rules and governance better and more appropriate for members. The board will present several proposed changes to the rule book for members' decision at this meeting. Any changes to the rule book will need to be endorsed by special resolution.</p> <p>The proposed changes are at <b>pages 9 and 10</b>.</p>
<b>Director remuneration</b>  <b>Resolution</b> that the members adjust the remuneration rates for directors and carers, having regard to the accountant's advice considered at this meeting.	<p>Director remuneration is set by the AMYAC members in accordance with the rule book. The corporation has asked the members to review the directors' remuneration and has sought advice from the AMYAC accountant to assist members.</p>
<b>Membership review</b>  <b>Resolution</b> that the members, pursuant to rule 6.14.1(d)(ii) of the rule book, and having given Betty Nyuntungku the opportunity to speak to her objection, cancel the membership of Betty Nyuntungku on the basis that she is not eligible for membership, in accordance with the advice of the consultant anthropologist in the corporation's five-yearly membership review.	<p>The rule book requires the corporation to review its membership every five years to see if the people on the membership register are eligible to be AMYAC members. The review is conducted by an independent anthropologist. In the most recent review, the reviewer recommended that several people on the register were not eligible to be AMYAC members and should be removed. Those people were given an opportunity to object before they were removed from the register. Only one person, Betty Nyuntungku, objected to her removal from the register. Having objected, the members will need to make the decision of whether to remove her.</p> <p>Betty Nyuntungku will be given an opportunity to speak to her objection to the members at the meeting, before the members decide whether it is appropriate to remove her from the register of members, in accordance with the anthropologist's advice.</p>

## Changes to the AMYAC rule book

Since the last AGM, the board has reviewed the AMYAC rule book to identify possible changes to the rules to improve the corporation's governance. The rule book is the corporation's guiding document, and the rules in the book are set by the members. The board is presenting these proposed changes to the members for their consideration and decision. If the members agree to the rule book changes, the new rule book will be lodged with ORIC for registration.

### What are the proposed rule book changes?

What are the changes?	How will the rules be changed?	Why?
Circular resolutions	<b>Changes to rule 12.6.2(a)</b> The directors may pass a resolution without a directors' meeting being held if <b>all the a ¾ majority of directors</b> entitled to vote on the resolution sign a statement that they are in favour of the resolution set out in the document.	Directors will generally make board decisions by passing a resolution at a board meeting. The rule book allows directors to pass a resolution without a board meeting if the directors entitled to vote on a resolution sign a written statement in favour of the resolution (i.e. a 'circular resolution'). From a practical perspective, it is very difficult for the board to pass a circular resolution, as if any director is absent or uncontactable, the written statement cannot be signed by the whole board.  The corporation is proposing to give the board more flexibility to pass a circular resolution by signing it by a ¾ majority of directors, as opposed to by the full board.
Tied director elections	<b>New rule 9.5(b)</b> <b>Where two or more members nominate to be a director in the same director category (that being either male or female and either a senior cultural advisor (see rule 9.2.3(g)), director 35 or younger (see rule 9.2.3(h)) or general director) and receive the same number of votes by members, the members will decide which of those members to appoint as director by resolution at a general meeting by a method agreed by the members at the meeting (which may include by show of hands or by secret ballot).</b>	The rule book does not deal with situations where two members nominating at an election receive the same number of member votes. This has happened in the past, where the tying members have had to agree amongst themselves how to resolve the tie, such as by one member withdrawing their nomination, or through a coin toss.  The corporation is proposing that members instead conduct a second vote on the following day of the AGM to decide the tied vote. This could be by a show of hands, or by a secret ballot, depending on which voting method the members consider more appropriate.
Immediate family	<b>Changes to rule 9.5.2(b)</b> Where two or more immediate family members are nominated for appointment as directors at the same	The rule book includes rules to ensure that 'immediate family members' (e.g. spouses, and biological parents, children, grandparents, grandchildren and siblings) do not serve on the AMYAC board at the same time. This is to

member elections	<p>election of directors <b>and in different director categories (that being either male or female and either a senior cultural advisor (see rule 9.2.3(g)), director 35 or younger (see rule 9.2.3(h)) or general director)</b>, the persons being nominated and their proposers will all be notified in writing by the contact person for the corporation and requested to discuss the multiple nominations with each other and invited to select one immediate family member only for nomination for appointment as a director.</p>	<p>support the board representing the membership as broadly as possible, and not only a few families.</p> <p>To give effect to this policy, the rule book does not allow immediate family members to nominate at the same election of directors. Currently, this rule applies even where immediate family members run in the same director category (and only one of them will be elected, if either). To make this rule simpler, while maintaining the policy that immediate family members should not serve on the board at the same time, the corporation has proposed to allow immediate family members to nominate for the same election only where those family members nominate for the same director category.</p>
Member exclusions or serious misbehaviour	<p><b>New rule 6.18</b></p> <p><b>If members at a general meeting pass a resolution confirming the members are satisfied that:</b></p> <ol style="list-style-type: none"> <li data-bbox="305 615 1096 699">a member has misbehaved in a way that warrants cancellation of their membership as a member under rule 6.14.4; and</li> <li data-bbox="305 699 1096 810">that member's interests will be indirectly represented within the corporation during the following two (2) year period,</li> </ol> <p>then the members may by special resolution cancel the membership of that member for a specified period of time (being any period of up to two (2) years at a time), during which time, subject to rule 6.5, the member shall not be eligible to become a member of the corporation under rule 6.2.</p>	<p>Under the rule book, there is currently no rule to exclude members where they behave in a way that significantly interferes with the operations of AMYAC or its meetings. This proposed new rule allows members to pass a resolution to cancel a member's membership for a period of up to two years in such circumstances. Members can only be excluded where their interests will still be indirectly represented in the corporation, such as where they have immediate family members who continue to be members of the corporation.</p> <p>The purpose of this proposed rule is to help members manage their membership and behaviour at meetings. <b>Note</b> only members at a general meeting can make a decision to exclude a member for serious misbehaviour.</p>

**AMY NATIVE TITLE HOLDERS' MEETING  
26 FEBRUARY 2026**

A meeting of Antakirinja Matu-Yankunytjatjara (**AMY**) native title holders will be held during the 2025 AMYAC AGM. The purpose of the meeting is for AMY native title holders to discuss, and possibly make, decisions about a native title mining agreement (**NTMA**) for the Hawks Nest mining project (Mining Lease Application M2025/0021).

The details for the AMY native title holders' meeting are as follows:

<b>Date:</b>	Thursday, 26 February 2026
<b>Time:</b>	9:30am to 12:30pm
<b>Location:</b>	AMYAC office, Lot 715 Hutchison Street, Coober Pedy SA 5723

**Why is there a meeting?**

Peak Iron Mines (through its subsidiary Central Iron Pty LTD) has initiated negotiations for an NTMA for its Hawks Nest mining project (Mining Lease Application M2025/0021). The AMYAC board has negotiated with Peak Iron Mines the NTMA. The board has agreed in principle to the terms of the NTMA, and recommends the NTMA as proposed to the native title holders.

The native title holders will be the final decision-makers of the NTMA, and the corporation will not enter into the NTMA without the consultation and consent of the native title holders.

As such, the purpose of the native title holders' meeting is to:

- provide information on the nature and purpose of the decision; and
- seek AMY native title holders' informed consent of the decision.

Peak Iron Mines will attend the native title meeting to introduce the proposed project to the native title holders.

**What are the decisions?**

At the meeting, AMYAC will ask the native title holders if they pass the following decisions to consent to AMYAC entering into an NTMA with Peak Iron Mines for the Hawks Nest mining project:

The AMY native title holders at this meeting **resolve**:

1. That there is no particular process of decision-making that, under the traditional laws and customs of the AMY native title holders, must be followed in relation to consenting to AMYAC entering into a native title mining agreement (**NTMA**) to consent to the Hawks Nest mining project.
2. That the AMY native title holders agree, for the purposes of Regulation 8(1) of the *Native Title (Prescribed Bodies Corporate) Regulations 1999* (Cth), to provide their consent to AMYAC to enter into the NTMA to consent to the Hawks Nest mining project (Mining Lease Application M2025/0021), and to do all things necessary including execution and registration of the NTMA in the terms (or substantially similar terms) as set out in the draft considered at this meeting.

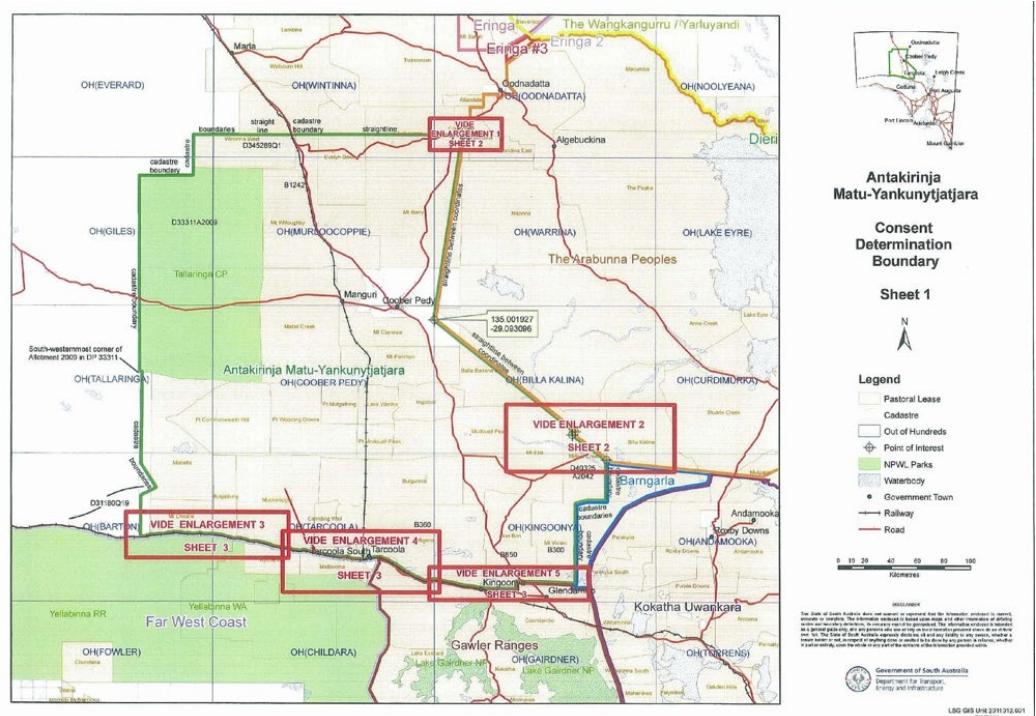

## Who are the native title holders?

According to the AMY Consent Determination (SAD6007/1998), the AMY native title holders are:

Those Aboriginal people who, under the relevant traditional laws and customs of the Western Desert Bloc, have a spiritual connection to the native title determination area (**Determination Area**) and the *Tjukurpa* associated with it because:

	The Determination Area is their country of birth (also reckoned by the area where their mother lived during the pregnancy); <b>OR</b>
1.	He or she has had a long term association with the Determination Area such that he or she has traditional geographical and religious knowledge of that country; <b>OR</b>
	he or she has an affiliation to the Determination Area through a parent or grandparent with a connection to the area as specified in (a) or (b) above; <b>AND</b>
2.	They are recognised under the relevant Western Desert traditional laws and customs by other members of the native title holding group as having rights and interests in the Determination Area.

The Determination Area is shown by the map to the right:

Please contact the MPS Law office on **(08) 7221 1690** if you have any queries.
